

The Staff of Mound House look forward to your visit and offer the following suggestions to ensure a successful and enjoyable learning experience:

- Have your students use the restrooms at your place of departure, on the bus, or at a rest area prior to arriving at Mound House. This will prevent a long line from forming at the two unisex restrooms on-site and will facilitate swift movement into the beginning of our programs.
- Mound House programs are conducted in “outdoor classrooms,” so bring bug spray, sunscreen, and rain gear.
- Please provide water and snacks for your group. Mound House will not be able to provide these items.
- The Mound House site is limited in size and therefore can only accommodate 60 students at a time. Each station accommodates a group of 20 or less. Please divide your students into groups of this size before arriving.
- Upon arrival, please gather under the large Strangler Fig tree to receive a ten minute introduction to the site and explanation of the rotation procedure through the four or five stations of hands-on activities.
- Mound House volunteers and staff will guide each group to its next station.
- A donation of \$5.00 per child is requested for summer camps and out of area schools.
